Mills Act Property Tax Abatement Program

Purpose of the Mills Act Program

Economic incentives foster the preservation of residential neighborhoods and the revitalization of downtown commercial districts. The Mills Act is the single most important economic incentive program in California for the restoration and preservation of qualified historic buildings by private property owners.

Enacted in 1972, the Mills Act legislation grants participating local governments (cities and counties) authority to enter into contracts with owners of qualified historic properties who actively participate in the restoration and maintenance of their historic properties while receiving property tax relief.

Benefits to Local Governments

The Mills Act allows local governments to design preservation programs to accommodate specific community needs and priorities for rehabilitating entire neighborhoods, encouraging seismic safety programs, contributing to affordable housing, promoting heritage tourism, or fostering pride of ownership. Local governments have adopted the Mills Act because they recognize the economic benefits of conserving resources and reinvestment as well as the important role historic preservation can play in revitalizing older areas, creating cultural tourism, building civic pride, and retaining the sense of place and continuity with the community's past.

A formal agreement, generally known as a Mills Act or Historical Property Contract, is executed between the local government and the property owner for a minimum ten-year term. Contracts are automatically renewed each year and are transferred to new owners when the property is sold. Property owners agree to restore, maintain, and protect the property in accordance with specific historic preservation standards and conditions identified in the contract. Periodic inspections by city or county officials ensure proper maintenance of the property. Local authorities may impose penalties for breach of contract or failure to protect the historic property. The contract is binding to all owners during the contract period.

Benefits to Owners

Owners of historic buildings may qualify for property tax relief if they pledge to rehabilitate and maintain the historical and architectural character of their properties for at least a ten-year period. The Mills Act program is especially beneficial for recent buyers of historic properties and for current owners of historic buildings who have made major improvements to their properties.

Mills Act participants may realize substantial property tax savings of between 40% and 60% each year for newly improved or purchased older properties because valuations of Mills Act properties are determined by the Income Approach to Value rather than by the standard Market Approach to Value. The income approach, divided by a capitalization rate, determines the assessed value of the property. In general, the income of an owner-occupied property is based on comparable rents for similar properties in the area, while the income amount on a commercial property is based on actual rent received. Because rental values vary from area to area, actual property savings vary from county to county. In addition, as County Assessors are required to assess all properties annually, Mills Act properties may realize slight increases in property taxes each year.

Qualified Historic Property

A qualified historic property is a property listed on any federal, state, county, or city register, including the *National Register of Historic Places*, *California Register of Historical Resources*, California Historical Landmarks, State Points of Historical Interest, and locally designated landmarks. Owner-occupied family residences and income-producing commercial properties may qualify for the Mills Act program.

OHP's Role

OHP provides technical assistance and guidance to local governments and property owners. OHP maintains a current list of communities participating in the Mills Act program and copies of Mills Act ordinances, resolutions, and contracts that have been adopted. OHP does not participate in the negotiations of the agreement and is not a signatory to the contract.

For Additional Information

Contact the planning department of the city or county within which the historic property is located.

California's four largest cities (Los Angeles, San Diego, San Francisco, and San Jose) as well as more than 75 other city and county governments have instituted Mills Act programs. A list of communities participating in the Mills Act Program is available online at http://www.ohp.parks.ca.gov/default.asp?page_id=21412.

For additional information on the Mills Act, please contact MaryIn Lortie in the Office of Historic Preservation, PO Box 942896, Sacramento CA 94296-0001, (916) 653-8911, mlort@ohp.parks.ca.gov.

California State Codes Relating to Mills Act Program

California Government Code, Article 12, Sections 50280 - 50290

50280. Restriction of property use.

Upon the application of an owner or the agent of an owner of any qualified historical property, as defined in Section 50280.1, the legislative body of a city, county, or city and county may contract with the owner or agent to restrict the use of the property in a manner which the legislative body deems reasonable to carry out the purposes of this article and of Article 1.9 (commencing with Section 439) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. The contract shall meet the requirements of Sections 50281 and 50282.

50280.1. Qualified historic property.

"Qualified historical property" for purposes of this article, means privately owned property which is not exempt from property taxation and which meets either of the following:

(a) Listed in the National Register of Historic Places or located in a registered historic district, as defined in Section 1.191-2(b) of Title 26 of the Code of Federal Regulations.

(b) Listed in any state, city, county, or city and county official register of historical or architecturally significant sites, places, or landmarks.

50281. Required contract provision.

Any contract entered into under this article shall contain the following provisions:

(a) The term of the contract shall be for a minimum period of 10 years.

(b) Where applicable, the contract shall provide the following:

(1) For the preservation of the qualified historical property and, when necessary, to restore and rehabilitate the property to conform to the rules and regulations of the Office of Historic Preservation of the Department of Parks and Recreation, the United States Secretary of the Interior's Standards for Rehabilitation, and the State Historical Building Code.

(2) For the periodic examinations of the interior and exterior of the premises by the assessor, the Department of Parks and Recreation, and the State Board of Equalization as may be necessary to determine the owner's compliance with the contract.

(3) For it to be binding upon, and inure to the benefit of, all successors in interest of the owner. A successor in interest shall have the same rights and obligations under the contract as the original owner who entered into the contract.

(c) The owner or agent of an owner shall provide written notice of the contract to the Office of Historic Preservation within six months of entering into the contract.

50281.1. Fees.

The legislative body entering into a contract described in this article may require that the property owner, as a condition to entering into the contract, pay a fee not to exceed the reasonable cost of administering this program.

50282. Renewal.

(a) Each contract shall provide that on the anniversary date of the contract or such other annual date as is specified in the contract, a year shall be added automatically to the initial term of the contract unless notice of nonrenewal is given as provided in this section. If the property owner or the legislative body desires in any year not to renew the contract, that party shall serve written notice of nonrenewal of the contract on the other party in advance of the annual renewal date of the contract. Unless the notice is served by the owner at least 90 days prior to the renewal date or by the legislative body at least 60 days prior to the renewal date, one year shall automatically be added to the term of the contract.

(b) Upon receipt by the owner of a notice from the legislative body of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The legislative body may, at any time prior to the renewal date, withdraw the notice of nonrenewal.

(c) If the legislative body or the owner serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

(d) The owner shall furnish the legislative body with any information the legislative body shall require in order to enable it to determine the eligibility of the property involved.

(e) No later than 20 days after a city or county enters into a contract with an owner pursuant to this article, the clerk of the legislative body shall record with the county recorder a copy of the contract, which shall describe the property subject thereto. From and after the time of the recordation, this contract shall impart a notice thereof to all persons as is afforded by the recording laws of this state.

50284. Cancellation.

The legislative body may cancel a contract if it determines that the owner has breached any of the conditions of the contract provided for in this article or has allowed the property to deteriorate to the point that it no longer meets the standards for a qualified historical property. The legislative body may also cancel a contract if it determines that the owner has failed to restore or rehabilitate the property in the manner specified in the contract.

50285. Consultation with state commission.

No contract shall be canceled under Section 50284 until after the legislative body has given notice of, and has held, a public hearing on the matter. Notice of the hearing shall be mailed to the last known address of each owner of property within the historic zone and shall be published pursuant to Section 6061.

50286. Cancellation.

(a) If a contract is canceled under Section 50284, the owner shall pay a cancellation fee equal to 121/2 percent of the current fair market value of the property, as determined by the county assessor as though the property were free of the contractual restriction.

(b) The cancellation fee shall be paid to the county auditor, at the time and in the manner that the county auditor shall prescribe, and shall be allocated by the county auditor to each jurisdiction in the tax rate area in which the property is located in the same manner as the auditor allocates the annual tax increment in that tax rate area in that fiscal year.

(c) Notwithstanding any other provision of law, revenue received by a school district pursuant to this section shall be considered property tax revenue for the purposes of Section 42238 of the Education Code, and revenue received by a county superintendent of schools pursuant to this section shall be considered property tax revenue for the purposes of Article 3 (commencing with Section 2550) of Chapter 12 of Part 2 of Division 1 of Title 1 of the Education Code.

50287. Action to enforce contract.

As an alternative to cancellation of the contract for breach of any condition, the county, city, or any landowner may bring any action in court necessary to enforce a contract including, but not limited to, an action to enforce the contract by specific performance or injunction.

50288. Eminent domain.

In the event that property subject to contract under this article is acquired in whole or in part by eminent domain or other acquisition by any entity authorized to exercise the power of eminent domain, and the acquisition is determined by the legislative body to frustrate the purpose of the contract, such contract shall be canceled and no fee shall be imposed under Section 50286. Such contract shall be deemed null and void for all purposes of determining the value of the property so acquired.

50289. Annexation by city.

In the event that property restricted by a contract with a county under this article is annexed to a city, the city shall succeed to all rights, duties, and powers of the county under such contract.

50290. Consultation with state commission.

Local agencies and owners of qualified historical properties may consult with the State Historical Resources Commission for its advice and counsel on matters relevant to historical property contracts.

California Revenue and Taxation Code, Article 1.9, Sections 439 – 439.4

439. Historical Property Restrictions; enforceably restricted property.
For the purposes of this article and within the meaning of Section 8 of Article XIII of the Constitution, property is "enforceably restricted" if it is subject to an historical property contract executed pursuant to Article 12 (commencing with Section 50280) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

439.1. Historical Property; definitions.
For purposes of this article "restricted historical property" means qualified historical property, as defined in Section 50280.1 of the Government Code, that is subject to a historical property contract executed pursuant to Article 12 (commencing with Section 50280) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code. For purposes of this section, "qualified historical property" includes qualified historical improvements and any land on which the qualified historical improvements are situated, as specified in the historical property contract. If the historical property contract does not specify the land that is to be included, "qualified historical property" includes only that area of reasonable size that is used as a site for the historical improvements.

439.2. Historical Property; valuation.
When valuing enforceably restricted historical property, the county assessor shall not consider sales data on similar property, whether or not enforceably restricted, and shall value that restricted historical property by the capitalization of income method in the following manner:

- (a) The annual income to be capitalized shall be determined as follows:
 - (1) Where sufficient rental information is available, the income shall be the fair rent that can be imputed to the restricted historical property being valued based upon rent actually received for the property by the owner and upon typical rentals received in the area for similar property in similar use where the owner pays the property tax. When the restricted historical property being valued is actually encumbered by a lease, any cash rent or its equivalent considered in determining the fair rent of the property shall be the amount for which the property would be expected to rent were the rental payment to be renegotiated in the light of current conditions, including applicable provisions under which the property is enforceably restricted.
 - (2) Where sufficient rental information is not available, the income shall be that which the restricted historical property being valued reasonably can be expected to yield under prudent management and subject to applicable provisions under which the property is enforceably restricted.
 - (3) If the parties to an instrument that enforceably restricts the property stipulate therein an amount that constitutes the minimum annual income to be capitalized, then the income to be capitalized shall not be less than the amount so stipulated. For purposes of this section, income shall be determined in accordance with rules and

regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, that the property can be expected to yield to an owner-operator annually on the average from any use of the property permitted under the terms by which the property is enforceably restricted. Expenditures shall be any outlay or average annual allocation of money or money's worth that can be fairly charged against the revenue expected to be received during the period used in computing the revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the property, property taxes, corporation income taxes, or corporation franchise taxes based on income.

(b) The capitalization rate to be used in valuing owner-occupied single family dwellings pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(1) An interest component to be determined by the board and announced no later than September 1 of the year preceding the assessment year and that was the yield rate equal to the effective rate on conventional mortgages as determined by the Federal Housing Finance Board, rounded to the nearest 1/4 percent.

(2) A historical property risk component of 4 percent.

(3) A component for property taxes that shall be a percentage equal to the estimated total tax rate applicable to the property for the assessment year times the assessment ratio.

(4) A component for amortization of the improvements that shall be a percentage equivalent to the reciprocal of the remaining life.

(c) The capitalization rate to be used in valuing all other restricted historical property pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(1) An interest component to be determined by the board and announced no later than September 1 of the year preceding the assessment year and that was the yield rate equal to the effective rate on conventional mortgages as determined by the Federal Housing Finance Board, rounded to the nearest 1/4 percent.

(2) A historical property risk component of 2 percent.

(3) A component for property taxes that shall be a percentage equal to the estimated total tax rate applicable to the property for the assessment year times the assessment ratio.

(4) A component for amortization of the improvements that shall be a percentage equivalent to the reciprocal of the remaining life.

(d) Unless a party to an instrument that creates an enforceable restriction expressly prohibits the valuation, the valuation resulting from the capitalization of income method described in this section shall not exceed the lesser of either the valuation that would have resulted by calculation under Section 110, or the valuation that would have resulted by calculation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

(e) The value of the restricted historical property shall be the quotient of the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b) or (c).

(f) The ratio prescribed in Section 401 shall be applied to the value of the property determined in subdivision (d) to obtain its assessed value.

439.3. Historical Property; notice of nonrenewal.

Notwithstanding any provision of Section 439.2 to the contrary, if either the county or city or the owner of restricted historical property subject to contract has served notice of nonrenewal as provided in Section 50282 of the Government Code, the county assessor shall value that restricted historical property as provided in this section.

(a) Following the hearing conducted pursuant to Section 50285 of the Government Code, subdivision (b) shall apply until the termination of the period for which the restricted historical property is enforceably restricted.

(b) The board or assessor in each year until the termination of the period for which the property is enforceably restricted shall do all of the following:

(1) Determine the full cash value of the property pursuant to Section 110.1. If the property is not subject to Section 110.1 when the restriction expires, the value shall be determined pursuant to Section 110 as if the property were free of contractual restriction. If the property will be subject to a use for which this chapter provides a special restricted assessment, the value of the property shall be determined as if it were subject to the new restriction.

(2) Determine the value of the property by the capitalization of income method as provided in Section 439.2 and without regard to the fact that a notice of nonrenewal or cancellation has occurred.

(3) Subtract the value determined in paragraph (2) of this subdivision by capitalization of income from the full cash value determined in paragraph (1).

(4) Using the rate announced by the board pursuant to paragraph (1) of subdivision (b) of Section 439.2, discount the amount obtained in paragraph (3) for the number of years remaining until the termination of the period for which the property is enforceably restricted.

(5) Determine the value of the property by adding the value determined by the capitalization of income method as provided in paragraph (2) and the value obtained in paragraph (4).

(6) Apply the ratios prescribed in Section 401 to the value of the property determined in paragraph (5) to obtain its assessed value.

439.4. Historical Property; recordation.

No property shall be valued pursuant to this article unless an enforceable restriction meeting the requirements of Section 439 is signed, accepted and recorded on or before the lien date for the fiscal year in which the valuation would apply.
