Carmel Youth Center

SINCE 1949

For 75 years, our mission has been to grow future leaders who can change our community and the world for the better. Since then, we have served over 32,000 youth members and recruited 80,000+ volunteers, solidifying our legacy as a staple in the community.

Our vision is to meet young youth where they are. To provide them with the support and opportunities in order to build independence and leadership skills, in turn, transforming their lives.

Who we are & why we care

"In my teenage years I frequented the youth center on weekends as it was one of the few places where Carmel youth could gather and just "hang out". It was wholesome, safe, and I always felt secure there.

To say that we've come a long way in the last several years would be quite an understatement. My aim is to continue this good work that the youth center family has worked so hard to achieve."
