

To whom it may concern,

Hello, I'm Taylor, the Store Manager at Gorjana located on the corner of Dolores and Ocean in Carmel-by-the-Sea. I'm excited about the possibility of a second Farmer's Market on Saturdays! Thursdays are consistently busy for us, as we welcome guests throughout the morning and early afternoon, many of whom have visited the market. Both the Farmer's Market and Third Thursday have become vital community events, fostering connections between locals and visitors. These gatherings not only brighten people's days but also provide invaluable support to small businesses showcased at the market, while benefiting businesses in town with increased foot traffic. As most visitors are here over the weekends, an additional market day would add another layer of appeal to Carmel-by-the-Sea, drawing more members of the community out on weekends. There is no one better to lead another market on Saturdays than Raul Lopez, whose contributions have been vital in the market's evolution over the years. I eagerly anticipate seeing what else he brings to our community!

Please don't hesitate to reach out to me, my contact info is listed below.

Thank you
