To whom it may concern:

I am the owner of Café Carmel and am writing to you in support of a proposed Saturday Market. Over the five years that I have owned Café Carmel I have seen the Thursday Farmer's Market grow in popularity. It is an attraction for local people and visitors alike. The occasional events which have had an element of the Farmer's Market on a Saturday have created a lovely community atmosphere in Devendorf Park and the Village.

I hope that you will consider the proposals for a Saturday Market favorably.

With thanks and kind regards,

Sarah
