Highway Work Begins in Sixty Days

A stretch of the Carmel-San Simeon Highway twelve miles long, extending southward from Post's, will be under construction in sixty days. This is the probable result of a meeting at which the matter of rushing construction of the Coast road As as taken up with Commissioner Whitmore last recently.

The Commission is ready to start work at once and the sixty days al lowed by Whitmore are for completion of plans and office delays. The 12 mile stretch, which comprises some of the most difficult road build ing on the whole 97 miles of high way, will be 22 feet wide, with an additional 5 feet at fills, making a total in some places of 27 feet.

Considerable work will have to be done on the road from Carmel bythe Sea to Post's before the highway is opened to travel. The first ten miles southward are in fairly good shape, but from Notley's Landing the road will be surveyed and perhaps the entire elevation changed The last ten mile piece this side of Post's will have to be widened.

The committee which met with the Highway Commissioner Thursday expressed its desire to get some sort of road through in the shortest possible time.

Under Way Soon

The Country Club building is to be a reality within a short time. In a very few days work will be started. and, as the contract calls for completion of the building within ten weeks, the club members may well plan for Christmas festivities in their new home.

The club has made application for a loan from the Palo Alto Mutual Building Association, forwarding the plans and specifications for the building which is proposed, and it is ex' pected that it will take but a few days to make the final arrangements. An interesting fact in connection with this is that the bid of Mr Parkes was but \$41 less than Mr. Murphy.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sightware receiving advanced education. The blind ex service men who have entered such institutions are provided with special text-books in Bruille, reading, which they were taught at the Red Cross Institute.

When the Ships Come In

In Hawaii, the Philippines and Cubas one of the chief topics of interest to the islanders is the arrival and departure of steamers. Newspapers devote whole pages to these boat movements, to lists of the passengers, interviews with notables on board. and stories of the voyage by members of the officers' staffs and crews. In fact the arrival of the evening train in a mainland country town house no more interest for the residents than the maritime news has for the people of Honolulu, Manila and Havana. The Cuban capital has a new object of interest in this regard in the lately instituted daily air service between that city and Key West. The planes are of the United States navy scout type, each carrying eight. Emienzers.

Interesting Program Is Prepared by Citizens' Committee

Three years ago tomorre w morning the whistles and sirens and church bells were sending forth their messages of peace. A whole nation joined in a spontaneous expression of joy-and relief.

Never again in the history of the world will come that joyous thrill and sigh of relief that the bells and whistles of No vember 11, 1918, produced; but a strong echo of this feeling will be found in the hearts of Carmel residents tomorrow morning at 10 o'clock, when a parade headed

The Night Vaudeville Show Will Provide **Building Fund**

Half past eight tomorrow night the curtains at Manzanita Hall and Arts and Crafts Hall will open for the first acts of the vaudeville that will conclude the city's Armistice Day cele bration. A program of eleven numbers will be presented by talent from Carmel, Monterey, Pacific Grove, Carmel Valley and Salmas.

The shows at both halls will be identical, except for a single detail Andrew Gillett will be head-usher at Arts and Crafts while his twin brother Tom attends to the seating at Manza-

For facility in staging, the bill has been divided in two parts, each with its own orchestra, stage crew and transportation. The performance will be without any of the waits that occur in bilts of short plays where each act requires a full stage setting. The only break will be at intermission, and then only long enough to allow the audience a seventh inning stretch before the second half,

The orchestras will be conducted by Thomas Vincent Cator, composer of the music of the tabloid comedy that is the feature of the bill, and by

Jeanne Burton. A screen novelty will open at Manzanita Hall; second on the bill are the Ammerman Brothers in a balanc ing specialty; John Landers comes third with a musical eccentricity, and the balf will close with 'Harem Scarum," an original comic opera by Mr. Cator and Argyll Campbell Mr. Cator has written a broad and tuneful score including catchy syncopation and attaining brilliance in the tenor and prima doma solos, Mr. Camp. bell, who provided the book, will produce the act, with Willette Brown directing the dancing ... Florence Brown is Weeharge of costuming.

PLAYLET WELL CAST

The leading lady in the musical playlet is Blanche De Serpa of Salinas. She is an extremely attractive young lady and has a voice that Mr. Cator compares to Alma Gluck's. Harold Bragg of Pacific Grove is to be the leading man; and he, with Miss De Serpa, should delight our music lovers Cornelia Clampett is the soubrette, and Perry Newberry in the leading comedy roll will sing for the first time on any stage.

While the acts described are going or at Manzanita Hall, the features that are to conclude the bill up town will be putting on the first part of the Arts and Crafts show. The first number at the clubhouse will be Harrison Codwin in a eartooning novelty. Next on the program is Ernie Beron from up the Valley in song and dance. Mr. Beron has emphatic feet and it only takes a little jazz to make them travel like a trap drummer's sticks. Waste & Gillis will be in third place with a comedy act; they will feature an original song, "The Carmel Blues " words and music by Ernest Schweninger. As a wind up a selected com-pany will appear in "Vandevillainy." thing Rowert Duries, Winsor Joses lyn, Ernest Schweninger and Harri son Godwin will participate:

The orchestra at Manzanita Hall will consist of Jeanne Burton, Bery and Cristine Otis and David Prince At Arts and Crafts Hall the music

will be furnished by Thomas Vincent Gator. Mr. Roberts, Irone, Cator.

and Argyll Campbell. The receipts of the show will be given for the construction of the Memorial Fountain. So far the expenses are very slight, and as an effort will be made to have them made up by contributions, the even ing may show a clear profit.

Thanksgiving is Coming

Taking Courage From the Spirit of the Pilgrims.

Surely the People of Today Have More Causes for Thankfulness Than They Possessed.

To us it certainly seems as though the Pilgrims had little to be thankful for. If the settlers in Plymouth could "sacrifice the sacrifices of thanksgiving" in 1621, what, pray, ought we to do in this year of our Lord? Think of the blessings which we enjoy as the commonplaces of the day, of which the Pilgrims never even dreamed! A vast territory mastered, surveyed and thickly settled-abundant treasures of farm, mine, forest and mill poured out for human uses-innumerable inventhereto, 15 per cent will be added to tions harnessed to the service of huthe amount thereof, and that if said man efficiency and comfort-a great republic "conceived in liberty and dedleated to the proposition that all men are created equal"-free political, edube added thereto. The remaining cational and religious institutions, hitherto unknown and unparalleled, successfully established-a higher grade of material well being, a wider will be delinquent on the last Monday diffusion of culture, a nobler ideal of in April next thereafter, at six o'clock happiness, a finer-conception of democracy, achieved for all the people, than the world has ever seen before! It is true, of course, that not all fils have been suppressed, nor all blessings won. But because we have not yet achieved everything is no reason why we should not be glad that we have achieved much! Because we have not yet won the goal of life is no reason why we should not rejoice that we have advanced! The world today is better than it ever has been before. Men have less suffering, greater happiness and nobler opportunity than in any epoch past. Humanity is still fighting the same persistent flis and seeking the same illusive goods, but in new-fields and on higher levels; The goal still ties far ahead, but behind, is a long road of miseries conquered and battles won.

"Haven't I given you practically every penny I earn?" "I should say not! I've positively ad to drag it out of you."

OFFICIAL PAPER OF THE CITY **NOVEMBER 10, 1921**

WE CONCUR.

A newspaper does not belong to its owner, William Southern, Jr., owner of the Independence (Mo.) Examiner, told the Press Congress of the World. of a speech on "The Provincial Press".

"A newspaper is a public institution, and is not fulfilling its highest functions if devoted selfishly:

"As a fundamental principle, it is agreed that the truth is the basis of all correct journalism. To go beyond Irreligious family indeed who did not the truth is a betrayal of trust. To suppress the truth when it properly belongs to the public is always to be condemned and never practiced.

"Control of news or comment" for business considerations is unworthy. News should be written and interpreted wholly and at all times in the interest of the public.

"Not only are these principles to be applied to the news and 'editorials, but to the advertising columns. Deceptive or misleading advertisements or advertising disguised as news brings disrepute to the newspaper which permits such tactics.

"It was a noted Frenchman who wrote. Suffer yourself to be blamed. imprisoned, condemned; Suffer yourself even to be hanged, but publish your opinion. It is not a right, it is a duty .

OPTIMISM

No man's life is all sunshine. Sooner or later there comes a time when we are surrounded by the shadows of darkening clouds. Is the sun obscured? Tis only temporarily. Before long the golden rays will penetrate the darkness and we shall find ourselves in a brighter and warmer atmosphere than we perhaps thought possible. The best thing to do while the shadows of life are about one is to hope for better things to come. And if they never come you will have the satisfaction of dying with the balief that you had something coming to you besides six feet of earth due east and west.

RESPECT FOR LAW

The speaker is Harry M. Daughefty. attorney general of the United States. He is addressing the Ambrican Bar Association, in session at Cincinnati, but talking to the people of America His words are of particular application to groups of individuals here and there who seem to imagine that leves are made to flaunt and that justice is powerless.

The attorney general serves nonce on every deliberate law breaker that the hand of the federal government is against him and that the department of justice will do its utmost; to see that respect for law is evigorously maintained. Whether the law is defied by violent group action, as in West Virginia, by scattered individ nals or by organized peaceful resistance, the answer of the determination of the state to pretect itself against the activities of those who would make mockery of law.

Americans, will, thank, their attorney general for these words of assurance There is much talk these days of leniency, of soft-handed justice, of protecting the rights of offenders; it is well to hear the other side of the determination of the state to protest itself against the activities of those who would make mockery of law There is a fine flavor of militant law enforcement in these words, of Daugh-

"Thanksgiving meals were things to remember. Those were the good old days when doughnuts were made as big as bricks, and 'twas not thought necessary to eat as many as six,' but the doughnut came between meals, and on Thanksgiving day they were not greatly in demand.

"For breakfast we always had "My duty is clear. As long as I am chicken with many 'fixins' and pancakes and sweet cider for dessert. It was a meal for all day, but not long after noon we all gathered for the feast, and it was a small family that did not muster at least twenty strong. We all went home to grandpa's, the last one of us. Commonly every living member of four generations would be together for that day, no matter how scattered their homes might be.

His writings, in addition to the beauty of their style, are distinguished for their keen and subtle analysis of character and their insight into the social problems of the day. They will afford valua ble pictures of conditions in England during the later Nineteenth and early Twentieth centuries for the benefit of future students of that period.
